Approach to 5G---we ask “Why?”

MEXP has identified some business areas where “5G” could have an impact...and estimated the possible service revenue

50 Billion Devices...

We estimate that 300M “Mobile IoT” devices will be shipped in 2020. There will be billions more using Wi-Fi, Bluetooth, and other standards

A man in a dark suit is shown in silhouette, looking through a telescope. He is positioned on the right side of the frame. In the background, a mobile phone tower stands on a dark, silhouetted hill. The sky is a vibrant blue with scattered white and grey clouds. The overall scene suggests a focus on long-term vision and technology.
